

MM

How do you see the WORLD?

When you look around you, do you see **CHALLENGES** to overcome? **PROBLEMS** to be solved? **ADVENTURES** to take?

PICTURE YOURSELF in a place where you can set your own path and find the challenges that will push you to grow in an environment that is designed to support you—every step of the way. Envision being part of a community where **YOU'LL DO MORE** than just study academics—you'll learn values that will last a lifetime.

What would **YOUR LIFE** be like if you could look at it **THROUGH YOUR OWN LENS**?

School can be **WAY COOLER** than you ever imagined.

McCALLIE

McCallie is a school that's **BUILT FOR BOYS LIKE YOU**. For more than 100 years, we've done things our own way by ensuring that boys have room to **GROW**, to **LEARN**, to **HAVE FUN** and to seize **EVERY OPPORTUNITY** that comes their way.

From day one, our founders had a vision for a school that **STOOD OUT from the CROWD**—a school that combined real college preparation with a focus on faith, values and a commitment to helping boys grow physically, academically and spiritually.

What does it mean to be built for boys? It means that when you come to McCallie, you have a countless number of ways to **BE YOURSELF** and find yourself in an environment that's been designed for boys from day one.

THE TIE *THAT UNIFIES*

Sometimes life feels like it's forcing you into a category: you're good at sports, so you have to play sports all the time; you're great at drawing, so you have to work on art projects constantly; you're a bright student, so you can't have a life outside class and homework.

What if there was a place where **PEOPLE EMBRACED YOU FOR WHO YOU ARE INSTEAD OF WHAT YOU DO**? That's what McCallie is about. At McCallie, you'll be challenged to push beyond the boundaries others have placed on you. And you'll get to know other boys who are on the same journey.

Every student brings his own set of gifts and talents to McCallie, and the most successful McCallie men recognize that they can always learn from every person around them—from their teachers to their fellow students.

The McCallie experience is about finding **THE BEST VERSION OF YOURSELF**, and having a community support you as you do.

EXPLORE CAMPUS
and the city beyond
the McCallie gates.

GROWTH *beyond* **THE GATES**

McCallie's **CAMPUS DOESN'T STOP AT OUR GATES**...it extends throughout the city and around the world.

Our campus is in the heart of Chattanooga, Tennessee, a mecca for outdoor activity, home to the world's fastest internet and a growing center of technology companies. From **COMMUNITY SERVICE** activities to **HIKING TRIPS**, **INTERNSHIPS** and even **MUSICAL PERFORMANCES**, McCallie is plugged into the city around us.

Our city lies at the crossroads of one of the most dynamic regions in the country, two hours or less from the global hub of **ATLANTA**, the booming cultural capital of **NASHVILLE** and the unmatched beauty of the **GREAT SMOKY MOUNTAINS**. From day trips to special academic opportunities, our students get the benefit of **OUR ENTIRE REGION**.

Life on campus never slows down, with athletic facilities, game rooms, study lounges and common spaces designed to bring boys together.

As a McCallie student,
you'll be **exposed**
to the world.

MCCALLIE

IF YOU CRAVE IT, YOU CAN EAT IT.

The dining hall at McCallie has **ENDLESS OPTIONS**, from organically sourced fresh vegetables, proteins, and cheeses on the daily salad bar, to several hot meal options per day, such as “meat and 3” style dining, **CURRY, PASTA, NACHOS**, plus other favorites such as **FRENCH FRIES** [in all shapes and sizes: shoe-string, waffle, thick cut, sweet potato etc.], **HAMBURGERS, HOT DOGS**, and **PIZZA**. Or for the boy with the heart (and appetite) of a kid, cereal is available daily, as well as PB&J and other simples sandwich fixings.

And that’s before we get to the best part of any meal: DESSERT! 5–7 dessert options daily, from **CAKES, CUPCAKES** and **PIES**, to **BROWNIES, BLONDIES**, and **PUDDING**. And the end of the week treat is the ultimate McCallie favorite: **COOKIE FRIDAY**. Not just your ordinary chocolate chip...there’s piles of white chocolate chunk, oatmeal raisin, candy-filled, butterscotch, and classic chocolate chip, all served freshly baked and hot out of the oven for that **MELT-IN-YOUR-MOUTH** experience that will set you up for a successful afternoon, no matter what comes your way! Oh—and did we mention there’s soft serve on tap every.single.day? **WE KNOW BOYS, AND THAT DOESN’T STOP AT YOUR APPETITE.**

SCRATCH THE COOKIE TO GET A WHIFF OF
“COOKIE FRIDAY” AT MCCALLIE

WHAT DOES IT TAKE TO FEED MCCALLIE'S STUDENT BODY?

25 lbs
of peanut butter and
15 lbs
of jelly each day

2 most popular
cereal brands:
**Cinnamon Toast
Crunch & Lucky
Charms**

81 LOAVES
of bread each day
100 LBS
of bananas each day
350 APPLES
per day

250 PIZZAS served every
Monday night at 4th meal
10 LBS of pepperonis each week

50 gal.
of milk and

5.5 lbs of
ketchup each day

@BLUSPORTSCIENCE

With a variety of options to choose from, it is important for you to make healthy choices. Cookies and pizza are always fun to have, but it is also important that you eat fruits, vegetables, and make healthy choices to take care of yourself. Groups like the McCallie Iron Club promote health and wellness among students, and our coaches also provide boys with information to make sure they are healthy and ready for competition. Check out our strength coach's Twitter page for tips on healthy eating, sleeping, and exercise habits @ BluSportScience

FAITH, CHARACTER, AND SERVICE

First and foremost, McCallie is a Christian school. That term can be defined in many ways, and we want you to know what that means for us. We don't hide from the fact that we're a Christian school and we hope you don't hide from your own faith background, even if you don't have one.

At McCallie, you will take multiple Bible and religion courses, giving you a stronger sense of **YOUR OWN SPIRITUALITY** while also growing your **UNDERSTANDING** and **COMPASSION** for others. You will attend chapel services featuring talks from faculty, seniors and outside speakers. We expect that you will listen to and **RESPECT EACH MESSAGE** you hear, but we never expect you to subscribe to a specific belief system. Additionally, boarding students attend a worship service of their choosing each weekend, whether it be our on-campus service led by the Student Vestry or an off-campus church or place of worship.

We believe that every boy who comes to McCallie should leave as a man ready to live **A LIFE OF HONOR**. That's why our Honor Code, which has been part of the school for more than a century, is so important. One of the first things you'll do as a McCallie student is sign your name in the **BOOK OF HONOR**, committing to abide by the Honor Code and its principles. Lying, cheating and stealing are not acceptable at McCallie, and honor violations like these are addressed by the Senate, a group of students elected by their fellow students.

We also take service seriously. Instead of requiring you to do a certain number of community service hours, we think there's more value in helping you learn to make **SERVING OTHERS** a habit. Whether it's helping build our annual Habitat for Humanity house (20 years and counting!), taking a leadership role in one of the programs we run in nearby elementary schools to help younger students or being part of groups that focus on serving other students on campus, you'll find **YOUR WAY TO GIVE BACK**.

STUDENTS AT MCCALLIE AREN'T LIMITED TO WHAT'S BEEN DONE BEFORE. OUR STUDENTS CREATE THEIR OWN CLUBS AND SERVICE PROJECTS EVERY YEAR.

Some recent examples:

- Students led the creation of a creative writing outreach program in local elementary schools, providing tutoring and mentoring to young students.
- McCallie students created a Happiness Club, whose sole purpose is to bring a little joy to campus through small, thoughtful acts.
- After a McCallie alumnus lost his life to bone cancer, McCallie students joined with girls from our sister school, GPS, to create Mission:Remission, a walk to raise money and awareness of cancers that affect young people.

MCCALLIE

McCallieisms

THE [UN]OFFICIAL LINGO OF MCCALLIE

WE'VE GOT YOUR BACK

You do **YOUR BEST** when you're surrounded by people who are also doing theirs. McCallie is a place where you'll be **CHALLENGED TO GROW** in every part of your life—we set a high bar, but we also give you the tools to get over it.

Our learning center is open to every McCallie student, whether you need extra help in a class, ideas on ways to manage your time more efficiently or just need a place to focus on your work.

Faculty at McCallie often say that they aren't just here to teach classes; they are **HERE TO TEACH BOYS**. That means that the relationships they build with students go way beyond the classroom. Whether they are a formal advisor or an informal sounding board, your teachers at McCallie will **BE THERE TO HELP YOU**.

When it comes to searching for colleges, the process can be pretty daunting. That's why our college counselors get to know you one-on-one to learn more about you and **YOUR GOALS** when you leave McCallie. They'll be by your side all the way as you find the college where you'll thrive.

Our counseling center is there for you when you're feeling challenged, need a word of encouragement or just some candy—**THEY ALWAYS HAVE CANDY**.

McCallie is a place where asking for help isn't considered weak. We think the greatest strength a boy can have is knowing when to look to the community around him for help. **WE'VE GOT YOUR BACK**.

The faculty that surround us at McCallie are some of the best at what they do."

—Jackson Shell, Class of 2018

McCallie

“McCallieisms”

Sometimes McCallie speaks a language all its own! Here’s a helpful guide to the words you’ll hear as you explore McCallie.

Duck Day: A day to “duck” out of school every spring to swim, play games, eat food [So. Much. Food.] and spend time as a community before the push to finish the school year.

Middle School 101: A class custom-built for 6th graders to make the transition to middle school smoother, giving them the tools to succeed at McCallie!

Backwork: A window in the schedule three days each week that’s set aside for students to meet with teachers, catch up on work or ask questions to get ahead.

The Tower: Rising 15 feet from the center of the McCallie Lake, it’s one of the oldest structures on campus. Leaping from the tower has been a rite of passage for decades.

BIG 5: McCallie’s intramural athletic league, pitting McCallie’s dorms against one another in friendly competition in more than 20 events every school year.

Up Top Thursday: McCallie Middle School Principal Scotty Jones greets every student every day with a handshake, but Thursday is for high fives. [And don’t forget Fist Bump Friday!]

Battleball: More than a game, battleball is a way of life at McCallie. From BIG 5 matches to student-faculty games, it’s everywhere. Just don’t call it dodgeball!

Fourth Meal: A meal served every weeknight at 9:30 p.m. in the dining hall, because you need fuel to study and a reason to take a break.

TEPS Day: A school-wide day when the dress code is relaxed, sponsored by TEPS, our sophomore leadership organization.

“McCallieisms”

continued

Blue Slip: As a noun, it’s form you fill out to leave overnight as a boarding student; as a verb, it’s the act of spending a night off campus - to stay with a day student’s family, head home to see your own or go on one of many school-sponsored trips.

Candlelight: McCallie’s annual Christmas music program, produced with our sister school, GPS. When you’re in Candlelight, you’re part of a decades-long tradition that’s one of McCallie’s most beloved.

Blue Crew: The cheerleading team made up of McCallie and GPS students who cheer on the Big Blue at sporting events.

Friday Shirt: Every Friday, you can leave the tie at home and wear a McCallie blue polo shirt for the day.

The SAC: The Sports and Activities Center, home to the student center [and its awesome game room], five basketball courts, a strength and conditioning room, climbing gym and more.

Nader: Not the politician [ask your parents], but the shorthand term for Tornado. Usage: “I’m Nader gang for life.”

The Ridge: Short for Missionary Ridge, the home of McCallie and a historic Civil War battle site. It’s also another name for our campus.

Blue Tornado: McCallie’s mascot. Always singular, never plural. When we compete, we are all one school and one powerful force.

T-Term: A two-week period every February when the upper school breaks with the normal schedule, and boys choose a class where they dive deep into a topic of interest, from the history of Southern music to the intersections of science and the humanities.

The Senate: A group of McCallie students, elected by their peers, who are responsible for enforcing McCallie’s Honor Code. One of the highest and most important offices a student can hold.

WE’VE GOT YOUR BACK

HIT THE BOOKS

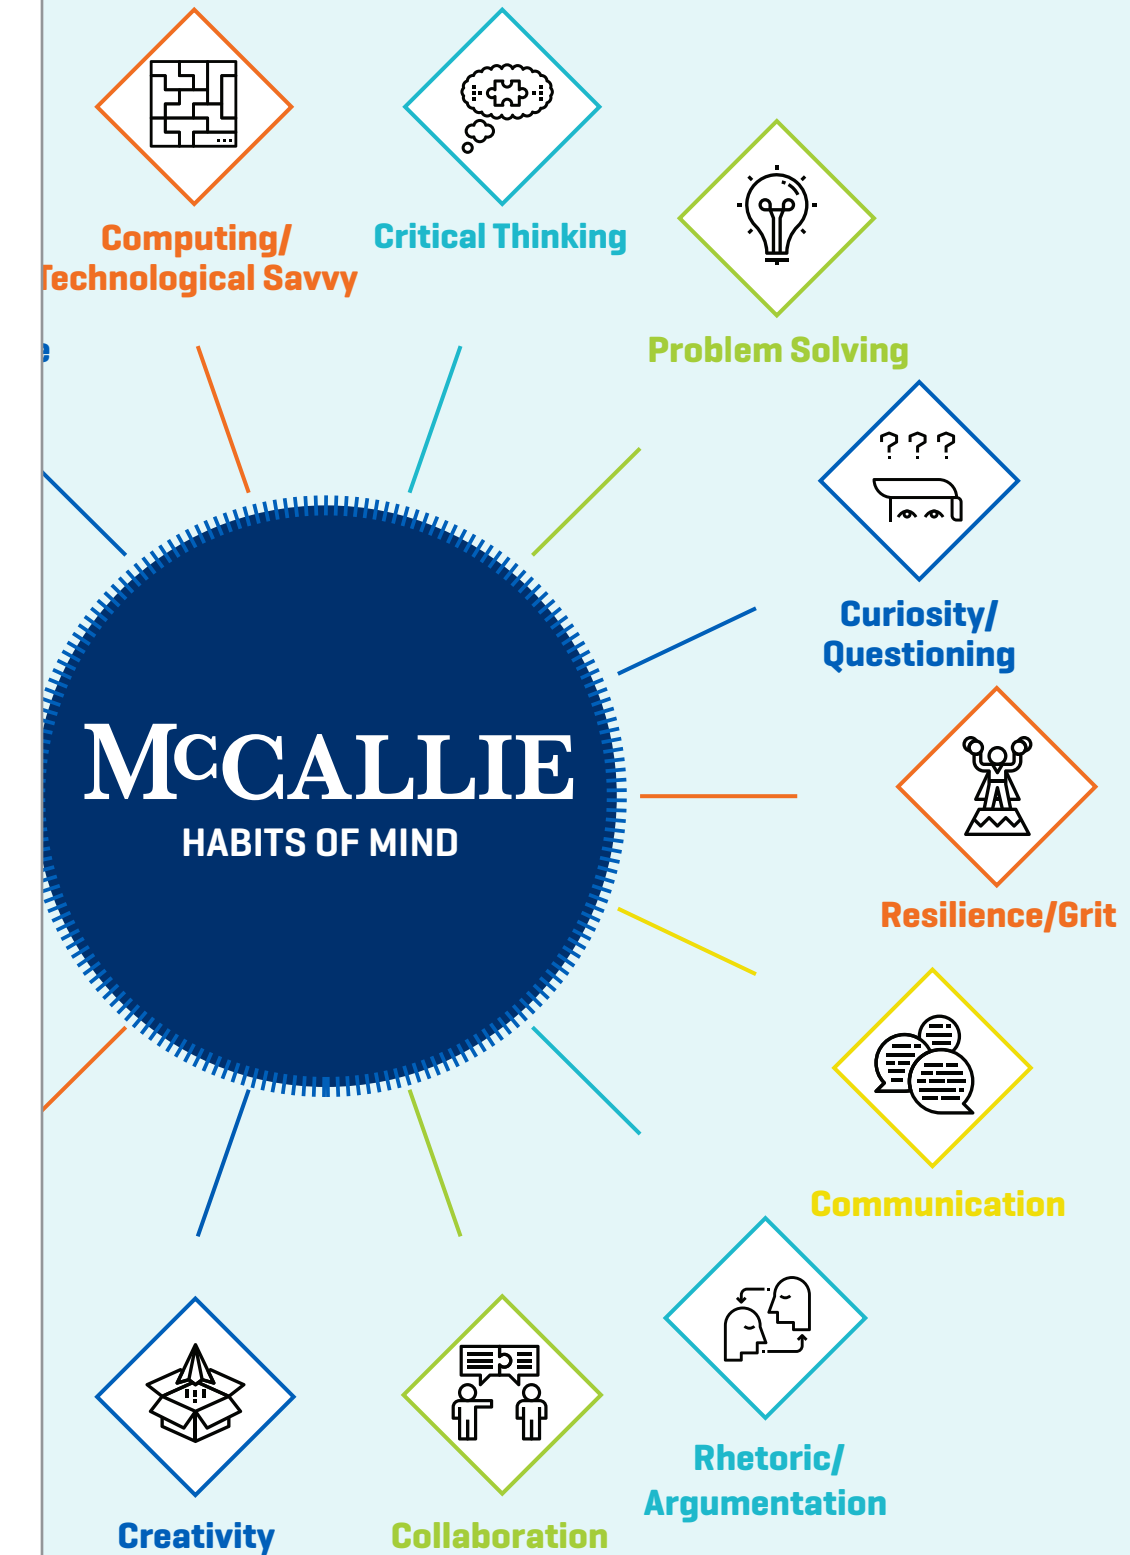

Learning at McCallie is as **UNIQUE** as you are, and it's built for what boys like you need. First off—our schedule rotates each day—that means you're never stuck with that one tough class every morning at 8 AM. Actually, you're not stuck with any class every morning at 8 AM, because **CLASSES AT MCCALLIE DON'T START TILL 8:55 AM.**

We have **HUNDREDS OF CLASSES** that meet the needs of every boy who comes to school here, and you'll rarely find two students with the same schedule. From classes that help new 6th graders adjust to McCallie to math and science classes that are well beyond the Advanced Placement level, our classes are **EXCEPTIONAL AT EVERY LEVEL.**

Our classes are **CHALLENGING**, but you may not even recognize that you are working harder than before. That's because you will be surrounded by students like you, and our classes are designed for the **WAYS BOYS LEARN.** We cook into our classes a little special sauce called the **14 HABITS OF MIND**, which are the skills and mindsets that every McCallie Man can use to approach learning and life. When you leave McCallie, you'll be **READY TO SUCCEED** in college and beyond.

OPEN THE FLAPS and take a peek at some of the coolest classes you might explore in the upper school.

the CAVE

If video is your thing, then McCallie's CAVE is the place for you. The Center for Animation, Video and Entertainment is more than a studio, more than a theater and more than a classroom. It's a hub of creative energy where tomorrow's directors and producers brainstorm ideas and use the state-of-the-art equipment to make those ideas reality.

Filmmaking and video production classes meet in the CAVE, which is home to a bank of high-end computers for editing, as well as a professional color grading suite, a fully-featured studio with lighting grid and cyclorama wall and even a studio dedicated to audio recording and mixing. When your production is complete, you can watch it with your classmates in the theater with full 11.1 surround sound.

The CAVE is also home to the Scott Langley '68 Film Collection, which includes a huge array of classic films from many eras. The films are viewed as part of classes and are also available for viewing by students.

McCallie's marine biology lab offers boys the unique opportunity to get UP CLOSE AND PERSONAL with a variety of aquatic life. Students conduct meaningful scientific research, including work on breeding jellyfish that have been part of the collection at the Tennessee Aquarium!

McCallie is just minutes away from the Tennessee Aquarium. Check out the Chattanooga Map Insert to learn more about our city and the surrounding area.

The TED

What happens when you combine the maker movement with a school that's Built for Boys? You get the TED: the Turner Engineering and Design Center. By combining modern technology in the Lebovitz Innovation Lab with traditional tools and machinery in McCallie's engineering lab, the TED provides a setting for boys to create anything their minds can imagine.

Home to eight 3-D printers, seven Virtual Reality platform sets, a laser cutter and more, the Innovation Lab hosts freestanding classes, as well as serving as a workspace for courses across multiple disciplines to apply the act of making and creating to their academic focus. Boys have built a full video game cabinet, competition robots and replicas of ancient battleships.

The TED also houses the Global Conferencing Center, a meeting space equipped with technology that enables live video conferencing around the globe.

Upper School COURSE CATALOG

McCallie's middle school builds a **STRONG ACADEMIC FOUNDATION** to prepare you for the years ahead. This means more than just the content you'll study—it means you'll learn how to manage your time and balance your school work with extracurricular activities, sleep & exercise and time with family and friends. As you complete credits toward graduation in the upper school, you will also begin taking control of your own **ACADEMIC JOURNEY**. You'll find that our curriculum guides you through a breadth of traditional offerings, while also allowing you the **FREEDOM TO EXPLORE** in depth the subjects that interest you the most. Critical Thinking

Actively and skillfully conceptualize, apply, analyze, synthesize and evaluate information.

Problem Solving

Conceptualize the various pieces of a challenge, and develop a process to reach solutions that work.

Curiosity/Questioning

Be motivated to build on learned material to uncover additional understanding.

Resilience/Grit

Recognize failures as learning opportunities and dig in deeper when challenges become hard and push forward with honor and integrity.

Communication

Express articulately a range of ideas and emotions through verbal and written form.

Rhetoric/Argumentation

Organize thoughts and develop persuasive arguments based on well-researched facts.

Collaboration

Work with others and optimize individual talents to achieve a common goal.

Creativity

Transcend traditional ideas, rules, perspectives and patterns to create meaningful new ideas, forms, methods and interpretations.

Confidence

Believe in one's own ability to make sense of the world and reach chosen or designated goals.

Compassion

Recognize the situations others are experiencing and how they perceive the world because of it, with a desire to ease existing suffering.

Emotional IQ

Harness and manage both personal emotions and those of others in a group to produce positive outcomes.

Cross-Cultural Understanding

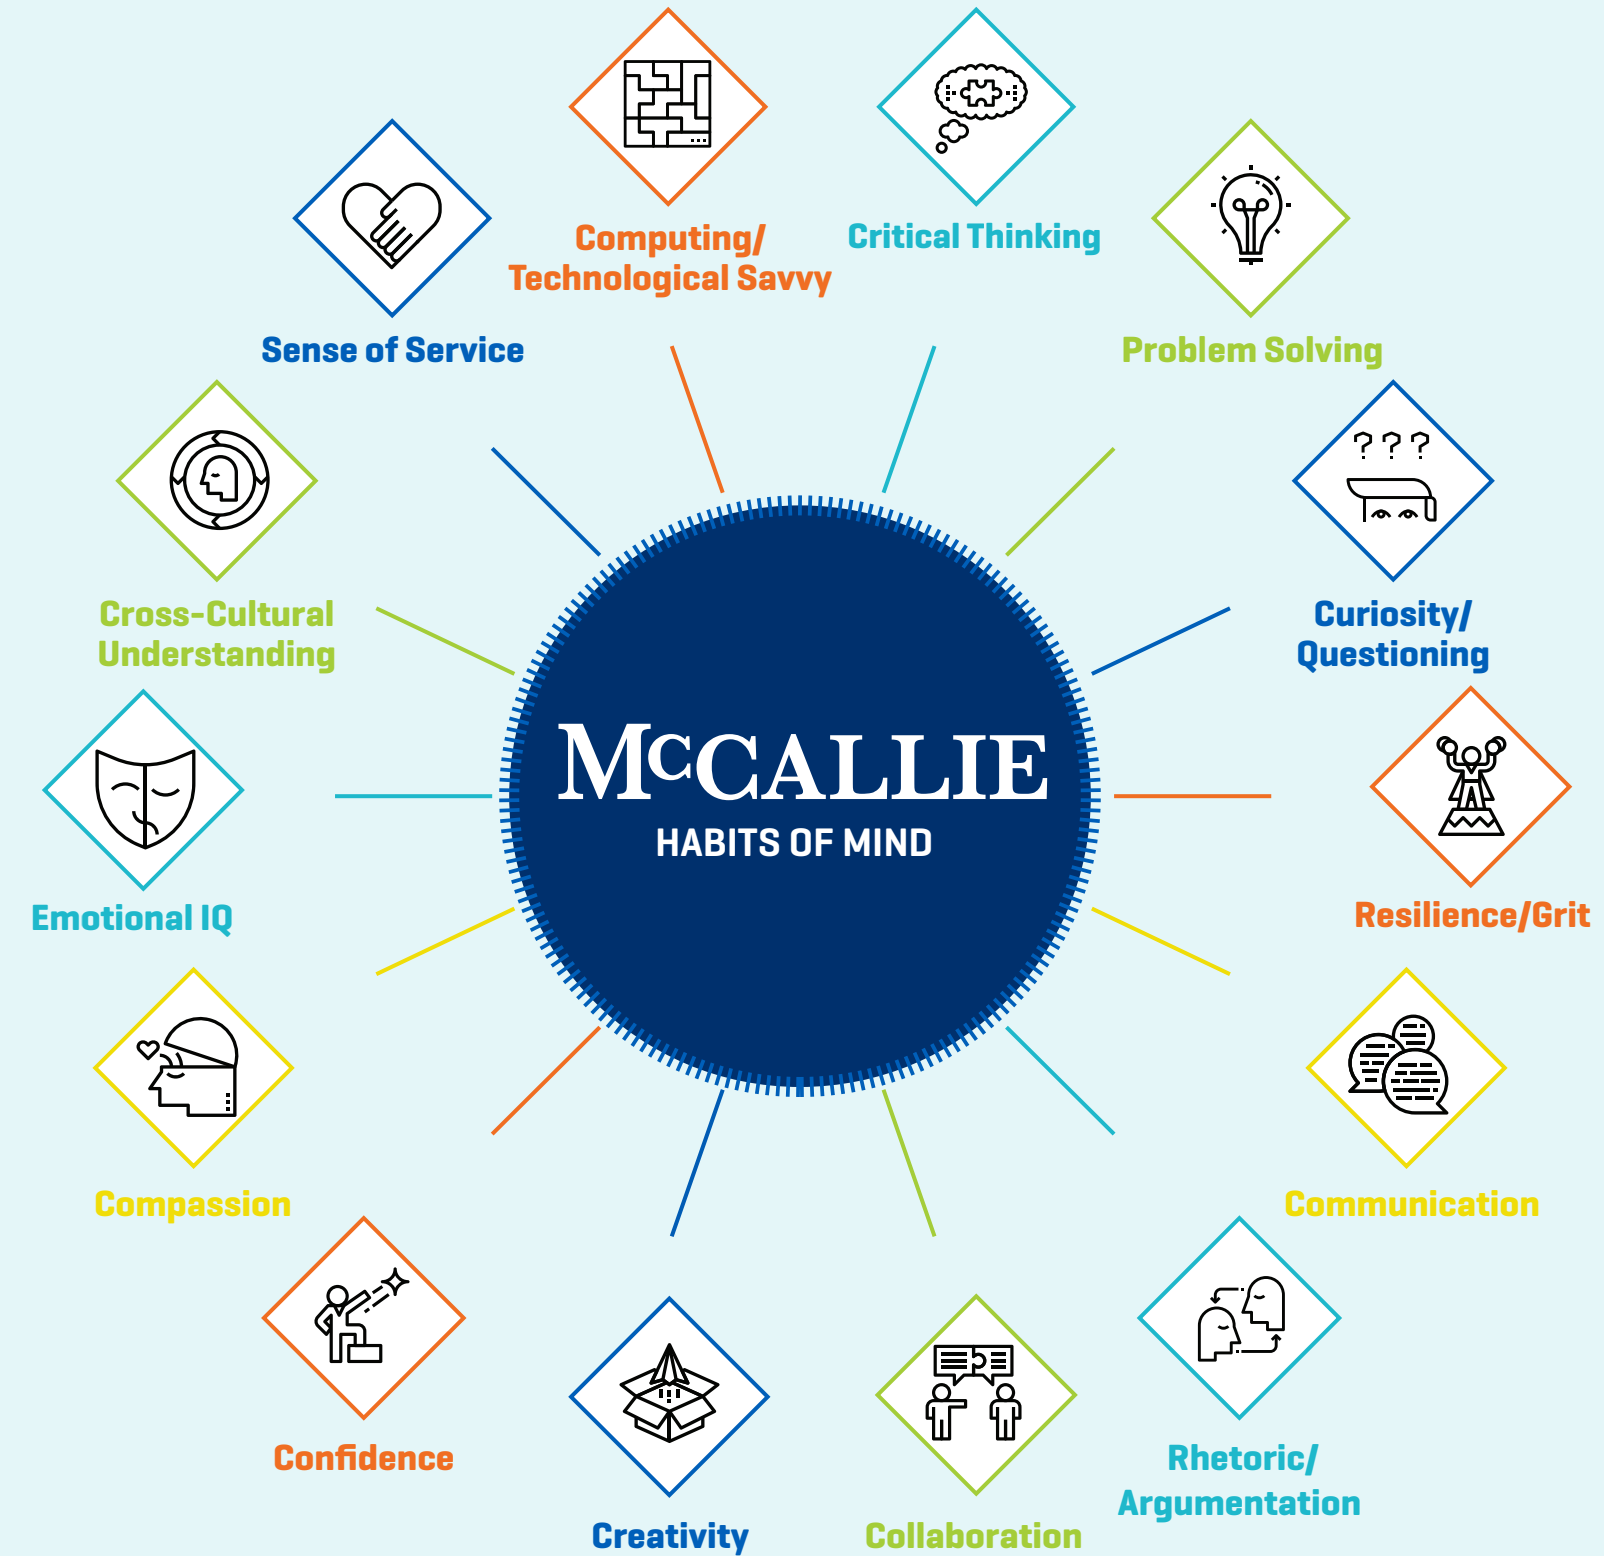

Understand and appreciate how people from different cultures speak, communicate and perceive the world around them.

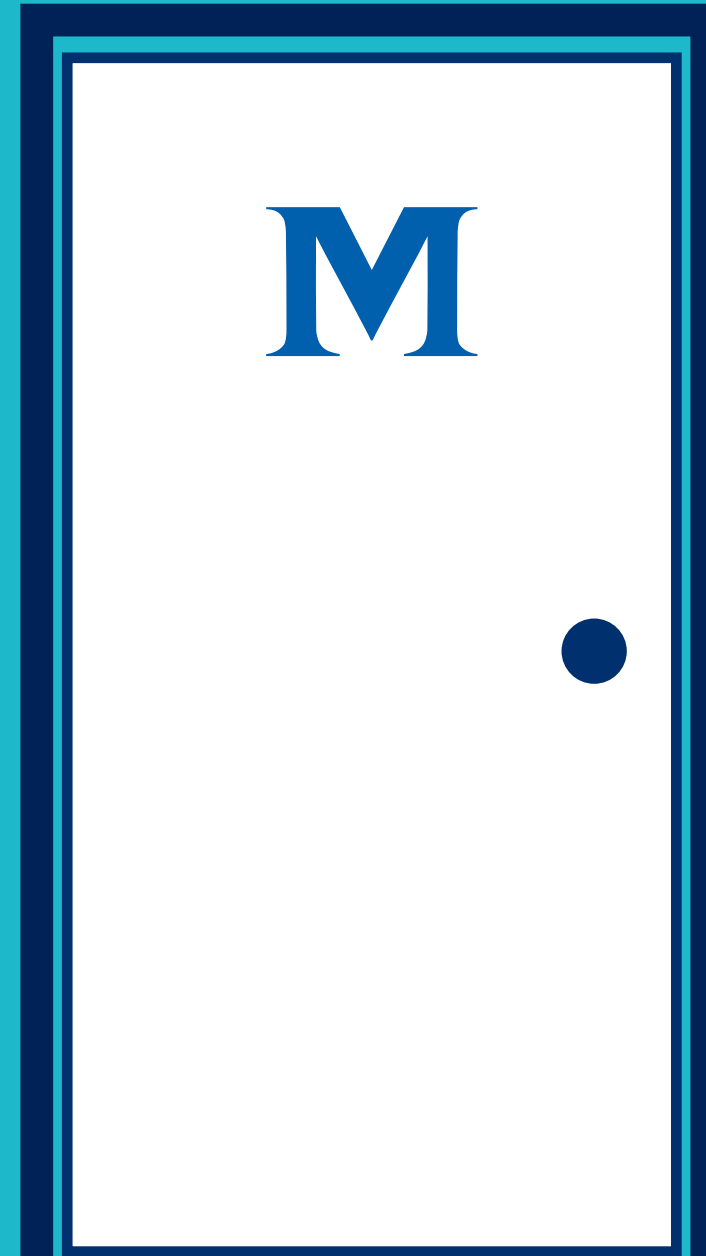

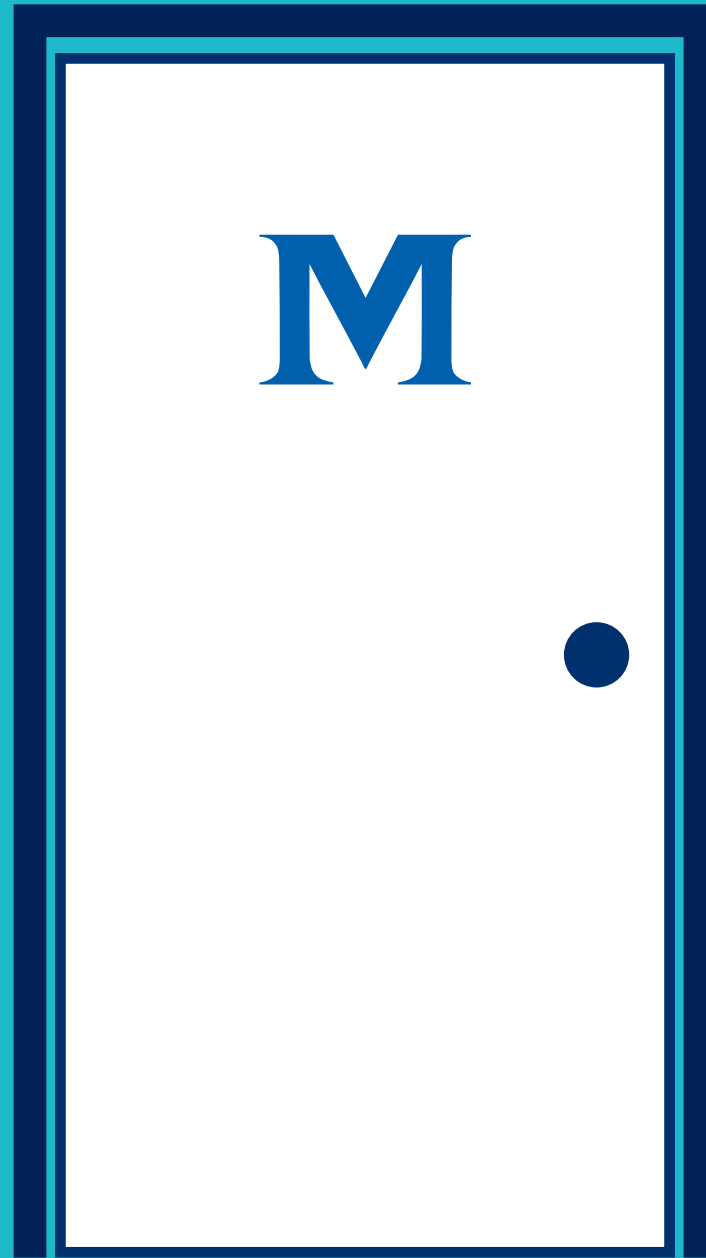

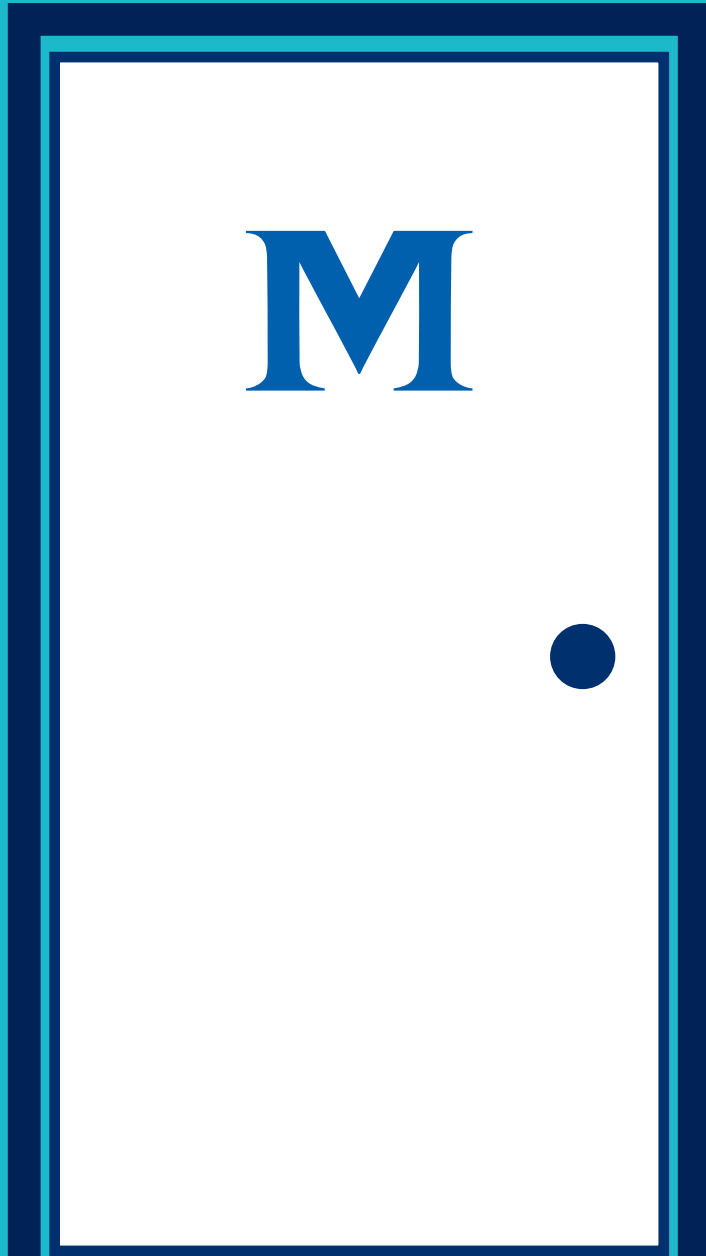

Sense of Service

Recognize the role we can play by giving of ourselves and of our talents to make a positive difference in the world around us.

Computing/Technological Savvy

Learn and use academic technology strategically, from programming to broadly used software.

OPEN THE DOORS to catch a glimpse of life as a boarder.

DID YOU KNOW? DID YOU KNOW? DID YOU KNOW?

WE'RE HERE FOR YOU

Your friends on campus will include more than just peers. Our 1-to-4 ratio of on-campus faculty to boarding students ensures that every boy will know and be known on the Ridge.

THE BOYS

Living on campus at McCallie, you'll never find yourself without brothers who've got your back. That's because McCallie is home to more boys than any boarding school in the Southeast.

THE GIRLS

We're proud to be a school for boys, but we know that it's important to spend time with girls, too. That's why we have a coordinate program with our sister school, GPS. From the traditional activities like dances and prom to pep rallies, a co-ed cheerleading squad, trips, you'll have plenty of opportunities to get to know girls in fun settings!

HOME AWAY FROM HOME

McCallie is both an exceptional day school and an exceptional boarding school, and we think that each of those qualities makes the other better.

As a boarding student, you'll have the chance to build friendships with boys and their families in and around Chattanooga. More than just a new set of friends, it means home-cooked meals and feeling like home is a little bit closer.

As a day student, you'll have the chance to build friendships with boys from all over the country and all over the world, learning about cultures and people in a way that you would never have the chance to do otherwise.

McCallie's campus is always booming with energy—whether it's club meetings, social functions or athletic events, life at McCallie isn't confined to school hours or just the weekends.

About the weekends: McCallie offers hundreds of weekend activities all year long, from intramural sports on campus to out-of-town trips to concerts, sporting events and outdoor activities. No matter what you're interested in, McCallie has an activity to match it.

We think McCallie really is the best of both worlds—a great boarding school and a great day school.

Boarding at McCallie is a whole other level of awesome

FREEDOM & INDEPENDENCE

Whether you're a 6th grader celebrating the new-found freedom from walking in a line from room to room or a 10th grader who likes to have **BREAKS IN YOUR DAY** like a college student would, McCallie is a place where you'll be given the freedom—and the responsibility—to make decisions for yourself.

We think it's important that your time at McCallie gives you **THE TOOLS** you'll need to succeed in college and in the rest of your life. That means giving you **THE FREEDOM** to choose your afternoon and weekend activities, your classes and even your dorm room.

You'll have support—and supervision—from our faculty and staff as you go, but your McCallie experience will help you **FIND YOUR INDEPENDENCE**.

The experiences and friendships McCallie has provided me have allowed me to explore new passions and truly become a man. Because of McCallie, I know I am more than ready for the next chapter of my life."

—Arthur Lebovitz, Class of 2018

SEE YOURSELF

Think again about how you see yourself in the future. **IMAGINE YOURSELF** surrounded by friends from around the world, working with **TEACHERS WHO CARE** about you as a person. Picture yourself at a school that will challenge you to grow into the man you're supposed to be, and **GIVE YOU THE TOOLS** to do it. Envision yourself in a place where **YOU HAVE THE FREEDOM** to pursue your passions in a culture that's built on values that will stay with you forever.

DO YOU LIKE WHAT YOU SEE?

If so, let's talk.

Visit us at mccallie.org/XXXXX, and we'll help you take the next step toward your future at McCallie.

WE'RE EXCITED TO PARTNER WITH YOU ON YOUR JOURNEY.

FREEDOM & INDEPENDENCE
